## GOLDFINE PROBE IS SOUGHT

### Fresh Drive Developing in Senate For Anti-Recession Tax Cut Program

WASHINGTON (AP) — Senators favoring anti-recession tax cuts renewed their drive today, encouraged by a surprise vote to wipe out levies on passenger tickets and freight.

The Senate sharply rebuffed the Eisenhower administration and its own leaders Thursday night as it voted repeal of the World War II transportation taxes despite pleas

that such action might open the way to cuts elsewhere.

Sen. Charles E. Potter (R-Mich.) pressed ahead with another proposal for cutting the automobile excise tax, while Sen. Paul H. Douglas (D-Ill.) said he planned another stab at reducing taxes on small business.

The Senate was called into session an hour earlier than usual in an effort to complete action on these and other amendments to a House-passed bill to extend present corporation and major excise tax rates for a year beyond June 30.

Both Republican leader William F. Knowland of California and Democratic Leader Lyndon B. Johnson of Texas opposed the amendments to repeal the 3 per cent freight tax and the 10 per cent levy of passenger tickets.

The amendment erasing the freight levy was adopted 59-25,

with 33 Democrats and 26 Republicans joining forces to write it into the bill. Voting against it were 10 Democrats and 15 Republicans.

The vote approving repeal of the 10 per cent levy on passenger fares was 50-35. Twenty-seven Democrats and 23 Republicans voted against it.

Secretary of the Treasury Anderson has estimated that repeal of the freight tax would cut revenues \$487 million and the passenger fare levy \$230 million, a total of \$717 million annually.

Just before the vote Knowland appealed to the Senate to reject the amendment in the light of "the cold, hard facts of the budget situation."

The transportation taxes apply to rail, highway, water and air shipment and travel.

The amendments written into the bill by the Senate will force the measure to go back to the

House before final action can be taken.

The Senate Finance Committee had urged acceptance of the House bill without change, to prevent a drop of \$2.6 billion revenues.

The Senate defeated a amendment to repeal or to cut the 10 per cent auto excise tax, to make a broad \$6 billion cut in the income taxes for the rest of the year.

### Solon Believes Other Officials Also Contacted

**GOPster Doubts Adams Alone 'Enjoyed' Mogul's 'Hospitality'**

WASHINGTON (AP) — A Republican member of a House investigating subcommittee called today for an inquiry into all of Bernard Goldfine's contacts with federal officials during the last 10 years.

Rep. John B. Bennett (Mich.) said "I'm of the opinion that Sherman Adams is not the only official of the federal government who has enjoyed Goldfine's hospitality."

Adams, President Eisenhower's top aid, has testified he accepted gifts and favors from Goldfine, a wealthy Boston industrialist, on the basis of a long friendship. He said he also got in touch with two federal agencies on matters relating to Goldfine, but denied he sought special treatment for the Bostonian.

Bennett spoke as the Pentagon disclosed that more than 24 million worth of textile contracts have been awarded to Goldfine's companies since the Eisenhower administration took over in January 1953.

In a separate development, the Securities and Exchange Commission denied that it dropped a case against one of Goldfine's firms after an inquiry from the White House prompted by Adams.

"On the contrary," the five-man commission said, the case was "successfully prosecuted." Goldfine's East Boston Co. was fined \$3,000 and is now filing on scheduled reports required by the SEC. Political repercussions continued over Adams' actions and Eisenhower's decision to retain his top aide despite what Adams called his immodest moves in contacting the SEC and the Federal Trade Commission about matters involving Goldfine.

Four GOP senators not up for reelection this year — George D. Aiken (Vt.), Ralph Flanders (Vt.), Frank Carlson (Kan.) and Jacob K. Javits (N.Y.) — backed Eisenhower by saying that while Adams may have made mistakes he was frank enough to admit it. Meanwhile other GOP congressmen piled up demands for Adams' resignation. Reps. Charles E. Chamberlain (Mich.), Eugene Siler (Ky.), Harry G. Haskell (Del.) and S. Walter Stauffer (Pa.) all hit the theme that Adams' own previously expressed principles of clean government require that he quit. All House seats are at stake in the fall elections.

Rep. George Christopher (D-Mo.), who numbers former President Truman among his constituents, drew Democratic applause in telling the House Eisenhower must either order prosecution of Adams or else pardon Matthew Connelly. Connelly was appointments secretary for Truman. The onetime White House aide has been convicted of conspiring to fix an income tax case. He starts serving a two-year jail sentence Saturday if further legal moves fail.

### 3 Ohio Phone Companies Consolidated

MARION, Ohio (AP) — Operations of three General Telephone System companies in Ohio were consolidated today, it was announced by Claire E. Williams of Marion, president of the General Telephone Co. of Ohio.

He said the consolidation came through acquisition by General Telephone of the properties of Ohio Consolidated Telephone Co. and the Chesapeake Telephone Co.

Certificates of dissolution for Ohio Consolidated and the Chesapeake company have been filed with the secretary of state.

Williams said as a result of the amalgamation, the total telephone plant of General Telephone is increased from \$40,985,000 to \$58,907,000. The expanded operations comprise 182 central offices serving 185,000 telephones in 70 Ohio counties. The combined number of employees totals 2,000, with an annual payroll of \$7,087,000.

The company announced the construction of new and additional plant facilities in the combined operations will exceed nine million dollars during the current year, and will involve among other projects completion of 20 new dial central office installations.

### U. S. OKs Credit For Philippines

**Development Loans To Bolster Economy**

WASHINGTON (AP) — The United States agreed today to establish a new \$75 million line of credit for the Philippines and provide \$50 million in development loan funds. The development loans are subject to congressional action.

The agreement was announced in a joint Philippines-U.S. statement issued by the White House at the conclusion of a three-day state visit by Philippine President Carlos P. Garcia.

The statement said Garcia and President Eisenhower reviewed economic development in the Philippines over the past years and examined the current economic problems which face that nation.

Garcia has been seeking a report \$350 million in credit.

The statement said: "In view of the inability of the United States to anticipate accurate financial availabilities and relative requirements beyond the next 12 months, immediate emphasis was placed on meeting the initial requirements of the Philippine program."

"FOR THESE initial requirements the Export-Import Bank informed the Philippine government that it will establish a new line of credit of 75 million dollars for financing private and public development projects in the Philippines."

"The Philippine government was also informed that subject to congressional action on the additional appropriations being requested, the development loan fund would examine specific projects submitted to it to determine whether they would merit development loan fund financing in an amount not to exceed 50 million dollars."

The announcement was made just ahead of Garcia's start on a tour of American cities.

### Party Givers Unable To Offer Gifts

NEW YORK (AP) — Mrs. Annie Visconti, 64, was retiring after 28 years with a cable firm.

So 13 of her women co-workers planned a farewell dinner for her Thursday night in a Greenwich Village restaurant.

Mrs. Visconti had been looking forward to the party. She had a fine new party dress for the big occasion.

But she had been ill for the past few days. She promised she'd get to the party "if I have to crawl."

So the women gathered at the restaurant early and had the stage set for the guest of honor's grand entrance at 6:15.

They waited, telling jokes, laughing. Then some of them began to look up at the clock. They grew uneasy. Came 7:30 and still no Mrs. Visconti.

Someone telephoned her home. No answer. The women became more anxious. Phone calls were made to Mrs. Visconti's husband, who was at work, and the superintendent of their apartment house.

They found Mrs. Visconti dead, apparently stricken with a heart attack while putting on her party clothes.

The news was telephoned to the restaurant.

Mrs. Visconti's friends ate in silence. Then they went home, taking her gifts with them.

### Reds Liberalize Farm System

**More Ag Incentive Sought by Kremlin**

MOSCOW (AP) — The Soviet Communist party today announced another step in Premier Khrushchev's plans to beat U.S. agricultural production by giving Russian farmers more incentive to grow more.

The party's Central Committee announced collective farms no longer will be required to deliver a large part of their output to the government at a fixed low price.

Instead, a new pricing system will be established for the entire output of collective farms. It aims to introduce an element of competition for low-cost, efficient production.

The committee decisions were based on a farm policy speech to it by Khrushchev. Publication of the speech — possibly Saturday — may clarify some points left vague in the published plan.

The announcement said the new plan will go into effect this year but did not specify when.

The committee made clear, however, that it is not relaxing controls over production. It said under the new pricing system "all quotas to the state must be maintained." Presumably the surplus still will be available for the open market.

IT ALSO DECREED end of the payment-in-kind system. Collectives had paid with their products for such services as machine plowing. Past payment-in-kind debts were written off and indebtedness in compulsory deliveries also abolished.

Khrushchev's proclaimed goal in changing the agriculture system established under Stalin is to overtake the United States in farm production. The committee report boasted that "in recent years the Soviet Union has approached the volume of U.S. agriculture output in a number of products. In certain items it has even surpassed the level attained in the U.S.A."

the Republicans.

"To an administration that thinks nothing of accepting lavish gifts... it is understandable that \$2.25 a week doesn't make much impression," he said, "but to the unemployed worker it may well mean a meal for himself and his family which he cannot afford to buy."

### Lebanon Chiefs at Odds With Diplomat from U.N.

BEIRUT, Lebanon (AP) — The Lebanese government was reported at odds with Dag Hammarskjöld today on the role of the U.N. observer team in this country's rebellion.

Sources close to the U.N. secretary general says Hammarskjöld thinks the United Nations job at this moment is principally one of observation.

The government, however, is insisting that the U.N. team police the border to prevent infiltration by hostile forces.

Beirut was relatively quiet but there was some fighting in the Moezibeh area, the Christian section adjacent to the Basta Moslem area where the opposition leadership is entrenched.

Desultory firing was also heard in the Zarif Moslem area in the

center of town. But generally both sides seem to be adhering to a tacit understanding that there be no major attacks during Hammarskjöld's efforts here.

REBELS REMAINED alert at their roadblocks and strongpoints in Beirut and throughout the country.

The secretary general met with Sami Solh, Lebanese premier, and one of the targets of the rebellion. Hammarskjöld was accompanied by David Blikenshaft, the American secretary of the U.N. observation group looking out for United Arab Republic intervention in the rebellion.

Hammarskjöld flew from New York early Thursday. Most Lebanese hoped he would find a way to end the rebellion. The rebels are seeking to oust pro-Western President Camille Chamoun and replace Solh with a premier who favors U.A.R. President Nasser's brand of Arab neutralism.

### Korea Tour Trimmed

SEOUL (AP) — The Korean tour of U.S. Army soldiers will be curtailed to 13 months from the present 16 effective July 1, members of the 8th Army Command here have been notified.

## Who'll Be the Fair Queen?

**Balloting Starts Today To Select Candidates for Title**

How many young ladies would eagerly apply for the following position if they were read this advertisement?

"WANTED — Young lady between 17 and 21, unmarried, resident of this county, to reign as Queen of Fayette County Fair. Applicant accepted will receive an array of gifts from Washington C. H. merchants."

While such an advertisement is not being run, the position is waiting to be filled. If you fail to meet the specifications yourself, you surely know a relative, sweetheart or friend who is deserving of such acclaim.

The Record-Herald is sponsoring a contest to nominate candidates for Fair Queen. This will be the second annual such contest and last year's queen, Mrs. John Scott (nee Betty Carpenter) will turn over her crown to some lucky girl this year.

Ballots will run daily in the Record-Herald, beginning today, through June 26.

To nominate the girl of your choice, clip the ballot, fill it out and send or bring it to the Fair Queen Contest Editor at the Record-Herald office no later than noon on June 27, when balloting will close. There is no limit to the number of ballots any individual may submit.

Ballots will be counted and 14 young ladies receiving the most ballots will become finalists for the title of "Queen of the Fayette County Fair."

When the names of the ten fi-

Ballots are announced, the sponsoring Washington C. H. merchants will have tickets representing votes for their customers — vote for each dollar purchase.

The votes may be cast in any of the ballot boxes in stores throughout the city.

At the close of the voting, the tabulations will be kept secret until the actual crowning of the Queen. The winner will receive an array

of gifts from sponsoring merchants in addition to the honor of presiding over the Fair.

So clip that ballot, solicit the help of your family and friends. Vote as often as you like on ballots printed in The Record-Herald.

Remember — nominations close June 27.

On July 1 the 10 finalists will be named on the basis of ballots cast for each.

### Jar of Mud Worth \$1,095

MOUNT CLEMENS, Mich. (AP) — Maurice Suetat was plowing on his farm May 9 when he turned up a broken jar.

Suetat was about to throw the jar away when he noticed the corner of a \$5 bill in a ball of mud inside the jar. He sent the jar and the mud to the Treasury Department.

The department notified Suetat Thursday the remains of bills in the mud were worth \$1,095 and it was forwarding a credit for that amount.

### Adamses and Goldfines Socialize, too

AS PRESIDENTIAL RIGHTHAND man Sherman Adams said, he and the family of Boston textile industrialist Bernard Goldfine have been friends a long, long time. Here they are at wedding of son Solomon Goldfine in Chicago in 1951. From left: Mrs. Goldfine, Mrs. Adams, Bernard Goldfine, Adams and a glimpse of bride.

## GOP Hopes Business Upturn Will Offset Adams Hassle

By JACK BELL

WASHINGTON (AP) — Republicans apparently hope a substantial upturn in business will come along soon to get them off the political hook of the Sherman Adams controversy.

GOP members of Congress are divided in support and opposition to President Eisenhower's decision to keep Adams at work as his right-hand man despite the furor over Adams' acceptance of costly favors from millionaire industrialist Bernard Goldfine.

But few Republicans doubt that the Adams incident has hurt their chances of re-election in about the same degree that Democratic candidates were affected by corruption charges against the Truman administration in 1952.

The Republican hope is that there will be more important—and more cheering — matters to discuss in September and October, before the general election vote.

Fundamentally most of the Republicans have felt that the economic situation in October is likely to be more influential on the election results than almost any other single issue.

It was for that reason they were cheered with Eisenhower's report to the Republican state chairmen that there are some clear signs of a business upswing.

Newsmen were given no details of the picture Eisenhower painted in response to the state chairmen's questions. But a number of government reports on sales, inventories, employment and other indicators have shown gains in recent weeks. The Assn. of American Railroads reported Thursday that last week's freight carloadings reached a new high for 1958.

Federal Reserve officials reported that while current easy money policies are being continued, they no longer see a need for pouring more millions into the money supply.

On the other hand they indicated no present plan to raise interest rates or take other anti-inflationary steps.

The economic picture remains clouded, with conflicting indications.

National Chairman Paul M. Butler told a Democratic rally in Gary, Ind., Thursday night that "the Republican administration is attempting to cover up the real unemployment situation by adding up small seasonal gains in an effort to present a rosy but false picture of the nation's economy."

Butler said Labor Department figures show 13 of every 100 work-

### New Highway Aide Named by Engineer

COLUMBUS (AP) — Appointment of a field construction engineer to work in 24 counties was announced today by the Ohio Department of Highways.

H. R. Craig, engineer of construction, said James A. Atkinson will aid in administering highway construction activities of the Cincinnati-Conneaut Freeway (Ohio 1) the Cleveland-Marietta Freeway (U.S. 21) and much of the East-West Freeway (U.S. 40).

Counties in which Atkinson will operate are Erie, Lorain, Huron, Medina, Crawford, Richland, Ashland, Wayne, Knox, Coshocton, Licking, Muskingum, Guernsey, Fairfield, Perry, Morgan, Noble, Monroe, Washington, Hocking, Athens, Vinton, Meigs and Gallia.

### Thin Dime Is Sold For Fat \$3,200 Price

NEW YORK (AP) — A dime was sold for \$3,200 at a coin company auction Thursday night.

An anonymous collector won the bidding for the coin—one of 24 minted in San Francisco in 1894.

Six of them previously were in the hands of collectors. Seventeen are missing.

## Camp Fire Girls Council Here Takes Step for Incorporation

Another step toward incorporating the Camp Fire Girls organization here under the laws of Ohio was taken at Thursday afternoon's meeting of the council in the Farm Bureau auditorium.

After the by-laws were adopted and the name "Shawnee Council of Camp Fire Girls" was approved, the council announced that Attorney Edmund Woodmansee will be asked to make the application for a corporation charter from the state.

Incorporation of the organization is in line with the National Camp Fire Girls organization policies, it was explained.

Mrs. Winston Hill, council president who conducted the meeting, asked that all old business be cleared up at this meeting, inasmuch as it probably will be the last for the council until early fall.

PLANS WERE made to sponsor the annual children's style show to be presented by Wise Children's Shop next spring.

Mrs. Don Murdock displayed rolls of scotch tape individually printed with names and addresses which are being sold by the organization at the present time. The multiple uses of this tape for identification purposes was also described.

The council proposed these money-making projects in order to extend the facilities of the Camp Fire organization beyond those now provided for by the Community Chest. Camping facilities are but one of the many the council would like to expand, it was said.

Following the meeting, a workshop was held to familiarize the leaders and instructors with day camp projects. Mrs. Max Dice entertained, as well as informed, the group with her discussion of Indiana lore.

One of the mice used by Mrs. Don Murdock to illustrate her nature talk, enjoyed the limelight briefly when he (or she) escaped the confines of the cage. However, this in no way detracted from the interest shown Mrs. Murdock's subject.

GROUP SINGING followed Mrs. John Rhoads' brief talk on songs to be used in connection with camp work. Mrs. Clark Sheppard de-

## Rename Minshall Vice-President Of Boys' State

Robert E. Minshall, 828 Briar Ave., was reelected vice-president of Buckeye Boys' State, American Legion laboratory in self-government, at an annual meeting of the board of trustees in Camp Perry Thursday.

All other officers were likewise reelected. They are E. J. Sklenicka of Cleveland, president; William Collins, Mentor, finance officer; and W. L. DeWeese of Columbus, secretary. DeWeese is also dean of the school.

The trustees also voted to send two delegates to the Legion's Boy's Nation in Washington D. C. next month.

Representing Fayette County at the event are Ronald Coffman, son of Mrs. Jane Coffman of 707 Yeoman St., and James Hidy, son of Mr. and Mrs. Gerald Hidy of White Oak Rd.

The staff of the Hetuck, the "State's" daily newspaper, announced it had secured deeds to an unused site in the southern part of the area given over to Boys' State and that it planned to establish a country club there. The tract includes two cabins and six vacant lots.

Managing Editor Bob Mackley of Delaware said the club would be primarily for the use of the newspaper staff, but would be "made available periodically for the use of all citizens."

## Carolinian Named To Head Jaycees

LOS ANGELES (AP) — Bob Cox, Chapel Hill, N. C., was voted president by acclamation of the U.S. Junior Chamber of Commerce today after 15 deadlocked ballots among four candidates.

Cox led from the first ballot but never got the majority required.

After the 15th ballot, Clarence Blazier of North Canton, Ohio, moved that Cox' election be made unanimous "for the good of the organization." The other two candidates seconded the motion. On the 14th round Cox had 1,177 votes; Blazier 524; Wallace R. Heatwole, Waynesboro, Va., 431, and Richard J. Lynch, Kansas City, Mo., 338.

## Four Injured In Car Crash On Route 70

A father with his family in the car ploughed into the back of a car driven by Margaret R. Smith, 29, Jeffersonville Route 4 Friday at 11 a. m., completely wrecking his car.

James Leroy Burns, 29, Route 4, Washington C. H. was cited by Sheriff Orland Hays for reckless operation.

Gladys J. Burns, 22, a passenger in the car suffered a cut on the head and a back injury.

Other passengers in the Burns car Stephen F. Burns 3, had skin burns and James Edward Burns, 1, had a few scratches. Burns received bruises. Memorial Hospital attache said all four probably will be released before evening.

Mrs. Smith was making a right turn into the Wendall Hunt farm on Route 70 eight miles north of Washington C. H. when the car driven by Burns ploughed into the back of her car.

Two women from Easterville, Iowa, were in the car with Mrs. Smith.

Gerstner's ambulance took the Burns family to the hospital.

## St. Louis Cops Cool Rioting By Negroes

ST. LOUIS (AP) — Rioting Negroes chanting "Little Little Rock" battled St. Louis County police early today after an officer arrested a 17-year-old youth on a traffic charge.

About 35 Negroes from the village of Meacham Park near suburban Kirkwood were involved in the hour-long riot, police said. Seven were arrested after four patrol cars were called.

Bricks and stones were hurled at the car of patrolman Richard Seger, 25, who had stopped Lee W. Lawrence, 17, on a careless driving charge.

Seger said he ordered Lawrence out of the car for a search and the boy came out fighting.

Other men came out of nearby houses and taverns as Seger sought to subdue Lawrence and his 17-year-old companion, Alfred S. Jackson.

Seger said he battled his way back to his patrol car and radioed for help. Then a brick crashed through the window of the patrol car and struck Seger in the arm.

Four patrol cars arrived. Lawrence, Jackson, and five others were taken to headquarters and book on charges of assaulting an officer, inciting a riot and resisting arrest.

## Ike Parleys With Defense Spokesmen

QUANTICO, Va. (AP) — President Eisenhower came to this Marine Corps base today to talk over defense problems with the top civilian and uniformed leaders of the armed forces.

The President's party included Robert Cutler, special assistant for national security affairs; Gordon Gray, director of defense mobilization; Gen. Andrew J. Goodpaster, White House staff director; Capt. E. P. Aurand, the president's naval aide; Maj. General Howard M. Snyder, Eisenhower's personal physician; and White House press secretary James C. Hagerty.

There were no announced plans for Eisenhower to talk to the conference which meets annually to discuss internal defense Department matters and world wide military problems.

However, Eisenhower may choose to stress to the generals and admirals his strong belief in the importance of his plan for streamlining the administrative and command structure of the military establishment. All business sessions of the three-day conference are secret.

There is some opposition within the military services to various features of the reorganization program. The House has passed legislation to authorize streamlining measures, but some of its provisions have met with Eisenhower's objections. The bill now is before a Senate committee.

## Convicted Truman Aides Await Ruling

ST. LOUIS (AP) — Chief Judge Archibald K. Gardner of the U.S. Court of Appeals expects to rule by Saturday morning on an eleventh-hour bid by two former Truman administration officials to escape going to prison.

Matthew J. Connelly and T. Lamar Caudle are scheduled to surrender here Saturday to begin serving two-year prison terms for conspiring to defraud the government in an income tax case.

Connelly, who was Truman's appointments secretary, and Caudle, former head of the Justice Department's tax division, have asked a stay of execution of their sentences until U.S. District Court disposal of their request for a new trial. They asked a second trial on grounds of new evidence.

## Stock Mart Stages New Broad Rally

NEW YORK (AP) — The stock market staged a broad rally in active trading early this afternoon.

Dealings were heavy as buyers picked up stock following Thursday's late sell-off which brought the worst market drop in more than a month.

Key issues rose from fractions to a point or more. Rails advanced briskly from the start.

The market as a whole was reassured by word that the Federal Reserve Board is far from ready yet to resume a tight money policy.

Steels, oils, tobaccos, coppers, chemicals and motors showed plus signs. Airlines were mixed. Distillers and electronic stocks remained ragged. Utilities were mixed.

Small gains were posted by General Motors, Republic Steel, Boeing, Goodyear, Anaconda, Union Carbide, Standard Oil (New Jersey), Loew's and International Nickel.

U.S. government bonds were firm.

## "It's My Home Town and I Love It"

"It's my home town and I love it." A Washington C. H. woman was heard to make this remark to a group of friends recently when some of them were complaining about various little things, just as people do everywhere.

The woman who made the remark said that people of most towns have their differences about many things but that, to her, it was a relief to feel that here in her home town of Washington C. H. she somehow felt safe, friendly and less disturbed than she would in most other places.

It seems to this woman takes a very sensible view. If more residents of our small city - community felt and acted likewise, more people would be less restless and less nervous. Sometimes it might help some of us to stop and think — "What am I contributing to making my home town better?"

Yes, it's our home town, a little city well located, with good highways, and near enough to other larger cities to be reached quickly and easily by those who want to be going somewhere.

If we pause to appraise our community we find that it is a mighty good little city, everything considered. It lies in one of the best agricultural regions in the country. Most of its buildings are inviting in ap-

pearance. People are friendly and the place is reasonably quiet in spite of the busy roar of hundreds of trucks over the good highways leading to and from it.

We have quite a bit of industry and new residences are under construction in all parts of the city and in immediately adjoining areas. Stately trees nearly everywhere add an additional pleasant touch.

We have heard many newcomers speak of Washington C. H. as a "friendly town". They say they notice that people here seem to go out of their way to make visiting individuals feel at home. The welcome here seems warm and sincere.

This is a feature of modern living that is too seldom found in most places in modern America where nearly everybody seems on edge to make a few extra bucks.

Our city is not crime - ridden and overall, has a wholesome atmosphere. If we stop to observe, we find it has something a little different and rare in its quality.

This is a condition of which we can all feel proud and most of us do.

It's only our hometown but it is in no sense a bad town when you view it in comparison with other cities and towns over the country. And when we leave it for a while, somehow we are always happy to get back.

## The Ordeal of Sherman Adams

By George Sokolsky

Everybody who writes news, writes about Sherman Adams. The facts in his case are not absolutely clear, except that Sherman Adams has a friend, Bernard Goldfine, who is a New England operator of industries and investments and that Adams accepted Goldfine's hospitality and exchanged gifts with him. The assumption is that Goldfine wanted and got favors from Adams but this has not been established.

Were Sherman Adams not such a granite-like Yankee, he would ask that a Congressional Committee investigate everybody else as well as him; get a list of all hospitality accepted by government officials and other public persons, including members of the Congressional Committees.

For it is common practice among politicians and others to accept various kinds of hospitality, and as long as the government limits a per diem expense account to the ridiculous amount of \$12 which is hardly enough to pay for a hotel room in a large city, much less for food, drink, entertainment and incidental expenses, some officials will have to accept hospitality if they are to get around.

How about all the Senators and members of the House of Representatives who travel about the country making speeches at from \$300 to \$1,500 a piece and who accept excellent hospitality under the circumstances? How about those who travel on airplane junkets or go to the openings of new hotels in all parts of the world?

The real truth of the matter is first, that this is a campaign year and if the Democrats can get anything on the Republicans, or vice versa, it will be done. Second,

only, Sherman Adams is an extra-ordinarily unpopular man. So were John Adams and John Quincy Adams, his forebears. There must have been quite a bit of the gay spark in John Quincy Adams because when he was the American Minister at St. Petersburg, he did quite well by himself and his country. In fact, all the Adamses, from the beginning, have been notable, if not exciting men. In an earlier generation, Henry Adams and Brooks Adams were particularly startling for the unorthodoxy of their views.

I have never met Sherman Adams because I do not choose to recognize the keeper of the gate at the White House. When the American people elect a President, he should serve and not delegate his functions to another. Unquestionably Sherman Adams has exercised, by delegation, an authority for which there is no provision in the Constitution or in the American political system. The only man to try to make such a place for himself before Adams was Colonel Edward House in the Woodrow Wilson administration. However, House never replaced Wilson in matters of judgment, serving principally as a legman and competing with more able men, such as Herbert Hoover, Bernard Baruch, Robert Lansing, Newton Baker, etc. In the end, Wilson dropped House.

The current attack on Sherman Adams has nothing to do with \$2,000. After all, it is, for such men, a piddling amount. It has to do with Sherman Adams. Enough people dislike Adams to enjoy his discomfiture. They dislike him because he makes his

power felt; he is curt and sharp and at times offensive. Some regard him as sanctimonious. The acceptance of a Vicuna coat, which is pretty poor going in a nation where Minks can be bought on the installment plan, really means nothing and L. a world where presents are exchanged on birthdays, Christmas, Mother's Day, Father's Day and on almost every other occasion, it is to be presumed that Goldfine could take a Vicuna coat out of stock and send it along.

The question of virtue hardly arises here. Of course, what would seem to Goldfine a cheap, inexpensive little Christmas present, that goes on some expense account, anyhow, would be extremely costly for Adams to match out of his salary as a government official with no expense account.

Not those who are yelling about Sherman Adams would not like an all around investigation into Christmas presents, birthday presents, free loadings of various kinds, airplane junkets, tabs picked up by night club proprietors who appreciate the honor, etc. Why not, therefore, tell the truth; namely that they do not like Sherman Adams, that they want to show him up as a sanctimonious Yankee, who preaches more than he can practice, and never gave a lot of men the time of day. And they got even.

What Are Effects Of Alcohol on Body

By HERMAN N. BUNDESEN, M. D.

RECENTLY I wrote a column about the advantages of alcohol in certain cases as a therapeutic agent. Now, it seems, everyone wants to prescribe his own medicine — whisky, gin, beer, what have you?

I have received several letters since this column appeared inquiring about the effects of alcohol upon the body. Readers ask what does drinking alcohol do, how does it react.

### How It's Used

Well, let me emphasize that it is not alcohol itself, but the way we use it that determines how much good or harm it will do.

Alcohol, you see, affects every organ of the body.

It enters the bloodstream rapidly, since it does not require prior digestion. Alcohol gets into the bloodstream most quickly when it is taken in concentrations of from 10 to 30 per cent, the percentage found in most highballs and wines. Food in the gastrointestinal tract slows the entrance of alcohol.

Once it is absorbed from the gastrointestinal tract, it travels through the portal vein to the liver. Next it goes through the inferior vena cava to the heart, lungs and arterial blood. After some delay the alcohol enters the various organs.

### Impairs Certain Faculties

Alcohol is primarily a brain depressant. First faculties to be impaired are the more complex ones, such as judgment, learning, self-criticism, memory and environmental awareness.

Mild depression brings relief from life's worries and cares. It serves to relax a person before dinner. And it might help provide a better night's sleep.

The trouble, of course, is that too many persons begin taking a drink now and then for such temporary relaxation and find it a crutch which they do not seem to be able to release. This can lead to no end of difficulties.

### Making of Alcoholic

More and more alcohol is consumed in an attempt to resolve various difficulties, and there you have the makings for a real alcoholic.

A person's tolerance to alcohol, naturally, depends a great deal upon his resistance to it. The more frequently a person drinks, the more slowly his central nervous system reacts to alcohol.

Those who drink seldom, or not at all, might experience physical and mental impairment when the level of alcohol in the blood reaches 50 to 100 mg per 100 cc. Generally, heavy drinkers must have more than 100 mg before undesirable changes appear.

## Ah, Her Face Looks Alive!

By Hal Boyle

NEW YORK (AP) — Many life-long scholars of the great American frozen female face have thought it could be improved.

Their varying approach to the problem probably measures their age and optimism.

I leaned to the theory that it was better to get along with it than fight it and I came to accept the great American frozen female face as inevitable.

I came to feel it was natural to shake womanhood by her lifted nose rather than her with-held hand.

Then I met Sophia Loren. A living bonfire. A tawny surprise. A girl with an unfrozen face, a tall-stemmed girl. She walked away with a rearward muscular schizophrenia — some muscles went clockwise, some counter-clockwise.

A male human heart could only extend sympathy to her in her handicap.

Her walk, though, had a mixture of cruelty and kindness-half-panther, half-gazelle. It was all the art of Italy, ambulant.

She had the presence and security of a sunrise. Her expression from moment to moment was a race of rainbows.

"I am still young," she said. "I have worked since I was 15. I have worked hard. I have made 26 pictures."

"I don't know what it means to have a holiday. I don't know whether I want one. But yes, now that I am married, I want a holiday."

Unlike most American women, whose conduct is ruled strictly from a cerebral basis as every fellow knows, Sophia moves as

the amoeba does.

"I never took a lesson in acting," she said. "I am very instinctive."

"If I feel something, I can do it. If I don't feel it, it is very difficult for me."

"But everything is still new to me. It is nice when you can learn something new every day. I have just started life. I haven't lived yet."

The only thing she admits to hating in her life is to be an amateur.

"Nothing bores me. Acting is an excitement to me. I want to do more, not because of ambition, but because it is a pleasure to me, a release," she said.

There is something vital and alive and warm and human and near about the face of Sophia Loren.

And there is only one difference between it and the great set frozen American female face you can see every day on any street.

One looks alive.

A group of Swiss women have organized to oppose the granting of voting rights to their sex. Can't say we blame 'em — who wants to get mixed up in politics these days?

An Australian mother says she plans to open a school in which the kids would be permitted to smoke and cuss. An "unreform" school?

A Viennese wife was refused a divorce on complaint her husband constantly played Wagnerian music. She's lucky — supposing it was rock 'n' roll.

A Chicago suburbanite has invented a power mower equipped with powerful headlights for nighttime grass cutting. Whatever became of that old saw — about making hay while the sun shines?

A 107-year-old Californian says he's smoked a cigar a day since he was 16. Guess it's a trifle late now to try to break the habit.

Bachelors in Iserlohn, Germany, are now granted a day off from the job each month to

## Advisers Urge More Idle Pay

COLUMBUS (AP) — The Ohio Advisory Council on Unemployment Compensation believes the state jobless benefit pay period should be extended because of the severity of the current recession.

The seven-man council, composed of representatives of business, labor and the public, urged extension of the 26-week maximum benefit period to 39 weeks.

Gov. C. William O'Neill urged a similar extension in his call for a special session of the Legislature to meet next Wednesday.

"Both the volume and rate of covered unemployment have surpassed earlier all-time highs, the council said."

The report said 8.5 per cent of covered workers claimed jobless benefits last April. The weekly average was 218,000 claimants.

Those figures compared with a rate of seven per cent and a weekly average of 153,000 claimants during the previous recession peak in January, 1950.

The report showed that about 331,000 claimants established unemployment compensation benefit years during the first five months of 1958. Nearly 280,000 received their first checks for the benefit year during that period.

The report said that the number of recipients who exhaust their jobless benefits would be especially heavy from next July on, unless job opportunities improve.

The largest number of exhausted claimants was in the

tions since the 26 week limit has been in effect, occurred in 1950 when the figure reached 114,000.

"There is thus good reason to anticipate that the volume of exhaustions by claimants . . . in 1959, will establish a new all-time high in the absence of special legislation, extending the potential duration to 39 weeks," the council said.

The council also recommended that the base-period employment of veterans, immediately prior to their military service, be used for determining unemployment compensation after their honorable discharge.

Approximately one-third of the area of the United States is classed as forest.

Tibet, often called the roof of the world, has a mean altitude of 15,600 feet.

Cuckoo clocks made by German and Swiss craftsmen, always were

Walking was formerly the chief means of going places, regardless of distance, and 150 years ago and less people, both men and women, thought little of a 10-mile walk when necessary. They frequently walked a great deal farther.

In those days not everyone (or every other one) had a horse to ride so they used "shank's horse," which means they walked.

As walking is one of the best known exercises, it seems that no one died of too much walking, although the heavy leather, top boots and shoes of that time caused many a blister as result of long distance walking.

However, there was room in the boots and shoes for the foot, and there were no high heels to impede the progress of the walker, or tire him or her.

During stagecoach days in this community more than 100 years ago one Fayette Countian, Jake (Knobby) Bush, had gone down to the Town of Cincinnati by stage coach, transacted his business there, and was to return by stage coach the following day.

Arising early he started walking toward this city, and expected the stagecoach to overtake him before he had gone very far.

He walked and walked and walked, but no stagecoach appeared to take him aboard. He continued walking toward home, but still no stage coach. Noon came and passed, and he continued his stride over poor, dirt roads.

"Knobby" learned later that the stage coach failed to make the trip that day and when he reached Wilmington in the evening, he continued walking and finally arrived home about 10 p. m., footsore and weary, but having accomplished a feat in walking which probably had never been duplicated by any other Fayette Countian.

These cuckoo clocks are elaborately carved, and some of those bought at the Stutson Store and other stores here many years ago are still to be found in the county.

LOTS OF JAKES!  
Years ago, there were four men by the name of Jacob Bush residing in Fayette County, but each Jake Bush was rarely confused with others bearing the same name.

And there was a pretty good reason why there was little confusion, for each Jake had a nickname.

"Knobby" Jake Bush, "Pewter" Jake Bush, "Red" Jake Bush and "Gentleman" Jake Bush.

No one seems to know just how they obtained these distinguishing sobriquets, except someone used their general characteristics and possibly possessions to give them the names they carried down through the years.

It is recalled that "Red" Jake had a ruddy complexion; and "Gentleman" Jake was a "good dresser," "Pewter" Jake must have dealt in pewter, had some unusual pewterware, or might have obtained the name through some unusual experience with pewter.

"Knobby" Jake, it can be surmised, might also have been a man who took pride in his personal appearance.

Anyway, the extra names given the four men remained with them as long as they lived, according to a member of the Bush family, which is one of the oldest families in the county.

# High Style

324 special decorator colors  
3 great Dean & Barry finishes

The sheer beauty of new High Style colors is big and exciting news in itself. Especially so for those who shy away from the conventional. For those who want to give painted walls and woodwork tomorrow's color styling today.

But that's not all! You can have exciting new High Style colors in three durable one-coat finishes — gloss, satin gloss, and washable flat. You can have a smart and modern one-color room — but in two different finishes that perfectly match. For example: High Style flat over old wallpaper or plaster-coated walls, High Style satin gloss for woodwork. Plus scores of other new decorating combinations.

And you can easily make your own custom colors without a special-mixing service, or costly guesswork. Mixing proportions are scientifically determined for you by Dean & Barry.

**let us show you how easy it is to live in high style**

High Style colors and finishes open the door to wonderful new decorating possibilities in an easy and practical way. The cost of a High Style room is surprisingly low. The return is high in more colorful living. See for yourself real soon.

## Pettitt-Fessler Wedding Plans Are Completed

Miss Joyce Carroll Pettitt and Mr. Paul A. Fessler have completed plans for their open church wedding Saturday morning.

The bride-elect is the daughter of Mr. and Mrs. Arthur A. Pettitt of the Jeffersonville Rd.

Mr. and Mrs. A. A. Fessler of New Cambria, Mo., are the parents of the prospective bridegroom.

The double-ring ceremony will be solemnized by the Rev. Father Richard J. Connelly in St. Colman's Catholic Church at 11 a. m. at Nuptial High Mass.

Miss Pettitt has asked Mrs. Donald Ludwig of Washington C. H. to be her matron of honor.

The bridesmaids will be Miss Donna Roush and Mrs. William Bruggemann of Columbus, and Miss Laura Fessler of New Cambria, Mo., sister of the bridegroom.

Mr. Harry Fessler of New Cambria will be his brother's best man. Guests will be seated by Mr. Donald Ludwig of Washington C. H. and Mr. Frank Hall and Mr. William Beazley of Columbus.

Immediately following the exchange of vows a reception will be held in St. Colman Hall.

## Mrs. Radebaugh Honored at Tea

Mrs. S. Max Thomas of Jeffersonville entertained Thursday afternoon with a tea in honor of her daughter, Mrs. John A. Radebaugh.

Mrs. Radebaugh and her new daughter, L. S. A., and Mrs. Radebaugh's niece, Miss Ellen Brown, all of Lancaster, are visiting with Mrs. Radebaugh's parents.

Beautiful arrangements of roses were placed throughout the Thomas home.

Tea delicacies were served from a table attractively appointed with lovely arrangements of roses.

## Sorority Chapter Installs Officers

The last meeting of Alpha Theta chapter of Epsilon Sigma Alpha Sorority was highlighted with a picnic in the home of Mrs. Sam Wilson Wednesday night.

During the business session, conducted by Mrs. Howard Burnett Jr., outgoing president, the new officers were installed.

Mrs. Roger Rapp was installed as the new president; Mrs. David Moore, vice president; Mrs. Jack Doyle, recording secretary; Mrs. Sam Wilson, corresponding secretary; and Mrs. Marilyn Reno, treasurer.

It was announced that Miss Madeline Denen, Mrs. Reno, Mrs. Doyle, Mrs. Wilson and Mrs. Charles Mallow will work at the TB office next week.

Mrs. Rapp, the new president, appointed the following committees—Mrs. Sam Athey, parliamentary; Mrs. Dudley Moon, sergeant of arms; Mrs. William Potter, educational director; Miss Denen, publicity; and Mrs. Mac Dews Jr. and Mrs. Burnett, ways and means.

Games were enjoyed with prizes being won by Mrs. Doyle and Mrs. Reno.

## Murrays Observing 57th Anniversary

Judge and Mrs. S. A. Murray, 626 S. Fayette St., are observing their 57th wedding anniversary today (Friday).

Judge and Mrs. Murray were married June 20, 1901 in the home of Mrs. Murray's brother-in-law and sister, Dr. and Mrs. J. W. Hughey. The ceremony was performed by Dr. Norecross.

Judge Murray was Probate Judge for Fayette County from 1927 to 1937. He was also Judge of Police Court and Postmaster here.

## Debbie Everhart Honored with Supper Party

Mr. and Mrs. L. F. Everhart complimented their daughter, Debbie, on her 11th birthday with a supper party at the Washington on Park Thursday evening.

Guests were sixth grade friends and classmates of the guest of honor.

Games were enjoyed and a relay race was held between the girls and boys. The girls team was the winner and prizes were awarded to each girl on the team.

The guest of honor opened her lovely array of gifts and graciously thanked each guest.

Favors were Walt Disney comic books.

Later in the evening birthday cake and ice cream were served by Mr. and Mrs. Everhart, assisted by the guest of honor's older sister, Diana, and Mrs. H. S. Stemple.

Guests attending were Corinne Cobb, Cynthia Grundies, Gale and Dale Lynch, Bobbie Heath, Jill Jamison, Patty Williams, David Woodman, Ralph Baughn, Becky Herbert, Tondi Curl, Steve Temple, Rob Rodenfels, Gary Anders, Emma Lou Sowers, Karen Anderson, Rodger Whaley, Jim Tremlett, Jim Anderson, Margery Rossmann, Diane Shryock, Allen Griffiths, Linda Whiteside and Vicki Shasteen.

## Mrs. Bethards Hostess To Sugar Grove WSCS

Mrs. Eldon Bethards was hostess to members of the Sugar Grove Women's Society for Christian Service Thursday afternoon for their regular meeting.

The business session was conducted by Mrs. Homer Garringer, president, during which donations were made to the Student Loan Fund and Vacation Bible School.

It was announced that a new supply secretary will be named in the near future.

Cheer cards were signed and sent to Mr. Lewis Babb, Mr. Delbert Eye and Mrs. John Merritt.

Thank you notes were read from the Glover and Hoppes families. "Ever Singing, March We Onward" was the theme used by Mrs. Charles Hoppes, devotional leader. She gave the Scripture reading and read a poem.

Mrs. Bethards, program leader, using as her topic "Ever Widening Circles In Missions". She also read several articles.

Refreshments were served by Mrs. Bethards, assisted by Miss Lela Kruger.

## Bible Words for Today

NEHEMIAH 3:13 "Hanun and the inhabitants of Zanoah repaired the Valley Gate—and a thousand cubits of the wall." 3:23 "Azariah...repaired beside his own house."

PHILIPPIANS 2:4 "Let each of you look not only to his own interests, but also the interests of others." (RSV)

At the beginning of the Fourth Century B.C. Nehemiah led the Jews of Jerusalem in rebuilding the broken walls of their city. The third chapter of the book of Nehemiah gives a graphic picture of how the walls were rebuilt, section by section, each man assuming responsibility for constructing a certain portion of the wall. Some, like Azariah, repaired only that stretch of wall opposite their own houses. We wonder what would have happened to the wide open spaces, had each one imitated Azariah. Fortunately, others, like Hanun and the men of Zanoah, repaired much longer sections and so the wall was completed. Thank God for those in every age whose labors extend beyond their own welfare to include the common good. To these we owe our peace and security. "Let each of you look not only to his own interests, but also to the interests of others."

## Mrs. Naomi Reif Named Treasurer Of Church Group

At the regular meeting of the Missionary Society of McNair Presbyterian Church, which was held in the home of Mrs. Bryan Leasure Wednesday night, Mrs. Naomi Reif was appointed to fill the office of treasurer for the remainder of the year. The vacancy was created by the resignation of Mrs. Charles Keaton, who is leaving soon to make her home in Britt, Ia.

Mrs. Keaton was presented a gift from the society.

Mrs. John Warnecke, president, conducted the business session and led in devotions. She gave the Scripture reading and named the foreign and national missionaries of the day to be remembered in prayer.

Mrs. Clifford Foster closed the devotions with prayer.

This being the last meeting until September, all members were urged to keep saving their sales tax stamps and continue their sewing for the missionary box.

Officers will be elected at the September meeting.

It was announced that the society will be guests of the First

## NCR Building Near Completion

Employment Increase Will Be Gradual

The new National Cash Register Co. building, which will have doubled the floor space of the present building, should be ready for occupancy by mid-July, Joseph E. Peters, general manager of NCR operations here, said.

Although the tentative occupancy date has been moved back from July 1, Peters described the construction progress as "routine".

The building on S. Main St., which has been used as a warehouse for supplies, printed forms and domestic advertising materials, will be vacated after the new building is completed, Peters said.

Company officials anticipate that the subsequent buildup in operations will require approximately an additional year.

Employment at the plant will depend on demand for NCR products and also on the general economic situation, it was said.

EMPLOYMENT is expected to be increased by about 100 when the new plant is in full operation. Present employment is 182.

Printing operations planned for the new plant include overprinting of standard-type forms and eventually special-type NCR accounting machine forms if demand warrants this step. The greater space will enable more extensive warehousing of the company's advertising and sales promotional material.

The new building consists of a separate structure 550 feet long and 250 feet wide, on the north side of the present plant. Except for the front portion of the building used for office space it is one-story. There is a truck-loading dock with a railroad spur along one side and parking space for 265 cars will be provided.

The old and new buildings will be connected by tunnel.

## Mack Sauer To Go on Cruise Aboard Navy Aircraft Carrier

It's back to the high seas again for Mack Sauer, Leesburg publisher and lecturer.

Sauer, overseas Navy veteran of World War I, received a telephone call Wednesday from the Secretary of the Navy, Washington D. C., in

MAC K SAUER

inviting him to be a guest of the Navy on a cruise "around the Horn" from the Atlantic to the Pa-

cific around South America. The trip will be made aboard of the aircraft carrier USS Ranger, which will sail from Norfolk Friday.

Sauer unable to go aboard by Friday, will be flown by the Navy to Trinidad with an admiral next Wednesday. They will board the RANGER there.

The Ranger will make stops at Trinidad, Rio de Janeiro, Valparaiso, Chile and Buenos Aires. Three to six days will be spent at each port.

The cruise will end at Alameda, Calif., on August 18.

Sauer will be one of seven newspaper representatives invited to make the cruise. Also aboard will be some 55 guests of the Secretary of the Navy, who will be observing first hand the Navy's latest aircraft and ship operations, Sauer said.

This is the second cruise for Sauer as a guest of the Secretary of the Navy. In 1949, he took a two-month cruise on the USS MISSOURI to England, France and Cuba. This time, as before, 20 midshipmen from the Naval Academy at Annapolis will be aboard for training purposes.

## Fire Marshal Enters Probe

PORTSMOUTH (AP) — Deputy State Fire Marshal Foss Gregg has joined Portsmouth fire officials in tracking down a suspected fire bug.

Fire Chief Anton Staker said Gregg had been called in Wednesday to help investigate the origin of an early morning fire which menaced three persons and destroyed their home and barn. Loss was estimated at \$10,000.

Staker said about a dozen fires, all within a half-mile radius of the fire station, has occurred in the last few months. At each were found traces of kerosene and large kitchen-type matches.

CLEVELAND (AP) — Federal Judge James C. Connell disclosed Thursday an Ohio Amish youth who went to prison rather than be drafted into the Armed Forces suffered a mental breakdown and has been released.

Judge Connell said Benjamin Kauffman, 23, of Fredericksburg, is en route to a mental institution. Kauffman suffered a breakdown at the federal penitentiary at Lewisburg, Pa., where he was serving an 18-month sentence.

Kauffman, for religious reasons, elected last month to go to prison rather than be drafted or serve in a hospital in lieu of military service.

# Financial Stew Made Up of 3 Odd Ingredients

Bears Selling Short  
Take Earnings Slump  
Seriously These Days

By SAM DAWSON  
NEW YORK (AP)—The financial stew today contains three ingredients that look like an odd mixture:

1. A record short interest—borrowed stocks sold in belief that prices are due to tumble.
2. First earnings reports for the past six months—showing in the main that profits continue to slide, while the number of firms omitting or cutting dividends because of it steadily mounts.
3. A general and long rise in stock prices—either in belief that times are due to get better or that more inflation is inevitable.

The bears who are selling short seem to take the earnings decline more seriously than do the bulls who apparently think the profit squeeze is a temporary thing and can be eased.

The New York Stock Exchange says that in the 27 years it has been reporting the short interest, that barometer of bearish sentiment is now at the record high. The American Stock Exchange also reports a record short interest.

To sell short you borrow stock in expectation of buying it back later at a lower price. If you do, you make a profit. If you can't, you lose.

Last Friday, after five straight months of rising, the short interest on the big board totaled 5,795,105 shares, involving 1,008 of the 1,533 stock issues listed, but representing only 0.1 per cent of the total outstanding shares.

When the big board started keeping records in May, 1931, the short interest was 5,589,700 shares, which at that time was 0.4 per cent of the much smaller total of shares listed.

Those selling short believe that the stock they borrowed is overpriced in relation to its current earnings and prospects. They expect the price to drop before the mounting federal deficit coupled with a fresh wage-price rise can spark a new burst of inflation.

The earnings reports now coming in comfort the bears more than the bulls.

Reports so far from 42 companies whose fiscal year ends before the calendar one, show 22 have lower first six month earnings than last year. Combined their earnings total \$102,098,000, compared with \$112,250,000 in the first half of their previous fiscal year, or a drop of 9 per cent.

Three of the companies operated at a loss this year and four did the year before.

The decline in profits for the 42 companies as a whole foreshadows similar reports by the great majority of companies which will

come along next month. The profit squeeze is in contrast to previous years when earnings were mounting. The first half of 1957 showed a 4.5 per cent gain over 1956, which had been 5.5 per cent higher than 1955. That year had racked up a whopping 34.7 per cent increase over the first half of 1954.

Many of the optimists think that sales volume will rise this fall. Others think that prices will, too. Together these forces could bring earnings up again and make stocks look good as a hedge against inflation.

The bears see less hope of reversing the decline of profit margins, fear that such a failure will imperil dividend rates, and make current stock prices look too high.

# Ohio GOPsters Now Openly Disagree with White House

WASHINGTON (AP)—Some Ohio Republicans in Congress are expressing open disagreement with the White House for the first time since President Eisenhower took office.

The cause is the Sherman Adams case—and Eisenhower's determination to keep Adams as his top aide despite the favors he accepted from industrialist Bernard Goldfine.

Perhaps the most outspoken Adams critic among Ohio Republicans here has been Rep. William E. Minshall, spokesman for Cleveland suburbs.

Minshall sat listening to Adams defend himself before House investigators the other day. Then he read Eisenhower's statement supporting Adams.

But Minshall still wasn't satisfied. "As repugnant as it is for me to disagree with the President, I feel constrained to say definitely that Sherman Adams should go," Minshall told a reporter.

"He has breached the confidence of the President. The impropriety of his conduct is such that he should leave."

Talk like this foreshadows a certain change in campaign strategy by a number of Ohio Republicans. In other words, they may run on their own record, not Eisenhower's, this fall.

This certainly will be true of Minshall and another Ohio GOP congressman, David A. Baumhart Jr., who doesn't like the White House decision on Adams either.

But as it happens, both Minshall and Baumhart ran pretty much on their own record last time. Neither mentioned Eisenhower much.

## Ohio GI Convicted In Thefts in Japan

CAMP ZAMA, Japan (AP)—Sp. 2c Jack D. O'Leary, 30, of Butler Ohio, (Richland County), was one of seven soldiers tried and convicted on charges of stealing goods from the Army Quartermaster Depot near Tokyo and selling them on the black market.

O'Leary, convicted by a general court martial, was sentenced to six months confinement at hard labor and \$30 monthly forfeiture of pay for six months, the Army announced today.

# Leap from Auto Fails To Save Life

XENIA (AP)—A man's successful leap from his automobile stalled in the path of a freight train was not enough to save his life Thursday.

A car driven by Fred M. Lewis, 35, of Jamestown in Greene County, stalled on a rural crossing in the path of Pennsylvania freight train.

He managed to jump from the car, but the train struck the automobile which in turn struck its driver, knocking him into a ditch.

Lewis died of his injuries in Memorial Hospital here.

# Attorney Is Freed In Swindle Probe

YOUNGSTOWN (AP)—Attorney Vincent P. Serman Thursday was freed by a common pleas court jury of a charge he aided and abetted at \$250,000 insurance claims swindle here.

Serman, 32, denied from the witness stand that he endorsed or cashed three checks totaling \$3,300 which were involved in fake claims against the American Associated Insurance Co. The checks were processed by John J. Tobin Jr., while employed by the firm as a claims adjuster.

The average American family spends about 2½ cents out of every dollar for gasoline and oil for the family car.

# Al Lopez Sees His Winter Trades Start to Pay Off

By THE ASSOCIATED PRESS  
Okay, so Al Lopez has made his point. Those winter trades that peddled power for pitching have helped give his Chicago White Sox four shutouts in five games. But they're still seventh in the American League race 11½ games behind.

Jim Wilson, Dick Donovan and Billy Pierce, three old hands, pitched consecutive shutouts, and after taking a five-home run pounding from Boston Wednesday, the White Sox beat the Red Sox 4-0 Thursday on the two-hit pitching of Early Wynn.

The veteran right-hander, acquired from Cleveland, now has a pair of two-hitters for the season, and owns half of the six shutouts bagged by the Chicago staff. Thursday's showpiece, in which he faced but 30 men and didn't give up a hit after the sixth, was his 36th major league shutout and his 10th two-hitter in the big time.

Yet the White Sox didn't gain an inch on the first place New York Yankees, who rapped five homers and beat Cleveland 9-3 for a three-game sweep that left 'em nine games ahead of second place Boston. Washington junked its slump at five games, and ended Detroit's winning string at five, with a 4-3 decision. Baltimore jumped into fifth with a 4-2 victory at Kansas City.

## Bob Lemon Sees Career Nearing End

CLEVELAND (AP) — Bob Lemon's performance against the New York Yankees Thursday was a disappointment for fans who had seen the pitcher in his prime.

But no one was more disappointed than the 37-year-old right-hander. He was rapped for 12 hits, including three home runs, in a six-inning relief stint as the Yankees trounced the Indians 9-3.

Lemon, trying to regain his pitching skill following an off-season elbow operation, appeared on the verge of calling it quits as he sat in the dressing room.

"I thought breaking it was tough, but it wasn't anything like this," he told newsmen. "This is the sunset of a career, as you guys call it, really is rough."

Asked about his future plans for Lemon, a seven-season 20-game winner, Manager Bobby Bragan said the veteran hurler would be in the dugout the next few days and not be sent to the bullpen. "We can use his bat," the manager explained. "It helped us get a run today."

The Yankees held a 3-0 lead when Lemon relieved young Gary Bell, the starter and loser. Lemon gave up six more runs.

Chicago Cubs belted four home runs and handed Warren Spahn his third consecutive defeat 5-4 at Milwaukee. That held the Braves' lead at two games over second place San Francisco, beaten 6-5 at Pittsburgh. Philadelphia beat Los Angeles 9-3. Cincinnati and St. Louis were idle by rain.

Wynn, now 7-5, walked but two and struck out eight. He leads active major leaguers with 1,705 strikeouts in his 18-year career. He gave up a second-inning single by Frank Malzone and a sixth inning single by loser Frank Sullivan (4-2). Wynn fanned Ted Williams for the last out.

Early, 38, scored the only run he needed himself, on Billy Goodman's third-inning sacrifice fly.

Andy Carey hit two of the Yankee homers, giving him eight. Both were off reliever Bob Lemon. Home runs by Enos Slaughter and Elston Howard gave New York a 3-0 lead in the second against rookie Gary Bell, who lost his first in three decisions. Hank Bauer got the other Yankee homer, while Rocky Colavito hit his 11th, with one on, in the ninth for the Indians. Johnny Kueks (5-3) went all the way with an eight-hitter.

The Orioles, in last place before sweeping three at Kansas City, took it on Gene Woodling's two-run homer in the eighth off Ned Garver, who has lost three in a row. Ken Lehman won it in relief for the Birds, now just a half-game out of third and two shy of second.

Lil Albie Pearson doubled home a tie-breaking run in a two-run seventh for the Senators, then tripled home the winner in the ninth. Dick Hyde saved Russ Kemmerer's fourth victory, putting down the Tigers after they scored two unearned runs in the ninth. Paul Foytack (3-7) dropped his third straight.

First Stan Musial. Then Willie Mays. Now it's Warren Spahn. Milwaukee's standout southpaw, who has been hit by the slump epidemic sweeping the National League.

Spahnie, one of the all-time great left-handers, was off on a streak in pursuit of his ninth season of 20 or more victories. He was the first to win eight. May 31. He hasn't won since.

He lost his third in a row Thursday night, again beaten by a gopher ball, as the Chicago Cubs hammered four home runs for a 5-4 decision that held the Braves' first-place edge to two games. Rookie Tony Taylor's first major league homer was the clincher in the ninth.

It was the 11th homer given up by Spahn in the three-game slump, nine of 'em by the Cubs—who started his skid with five home runs in a 9-6 decision June 10.

Second place San Francisco — with Mays sent to a New York hospital for a check-up—was beaten 6-5 at Pittsburgh. Philadelphia rapped Los Angeles 9-3. Cincinnati and St. Louis were idle by rain.

Spahn now 8-4 has given up 18 home runs this season, 14 of them in the games he lost. He allowed only 23 homers all last year.

Walt Moryn, who now has hit 15, counted a pair off Spahn last night and Al Dark got the other. But it was Taylor who was in

# Good Hope Lions Club Officers Are Installed

GOOD HOPE — Officers of the Good Hope Lions Club were installed by Robert Moorman of Jamestown, a past district governor, at Thursday night's meeting in the Town Hall.

Taking over the president's gavel from Paul Pope, the retiring head of the club, was Willard Bonham of the Flakes Ford Rd.

Other officers installed to serve through the coming year with him were Wilbur Hoppes, first vice president; James (Bill) Kearney, second vice president; Clarence Thomas, third vice president; Eddie Jones, secretary-treasurer; Titus Strouth, assistant secretary-treasurer; Charles Blizard, lion tamer; and Donald Gorman, tail twister.

Charles Shaper and Lawrence Hoppes went on the board of directors to serve with James Hagler and Dr. Ned Abbott, the two hold-over members.

THE CEREMONIES were held following a steak dinner served by the Ladies of the Methodist Church, headed by Mrs. Mabel Rife. Dinners for the monthly meetings of the club are served by different groups and organizations in the community.

One of the sidelights of the meeting was the presentation of pins to 20 members in recognition of a year of perfect attendance.

Those who were presented pins for not missing a meeting last year were Ned Abbott, Joseph Bonham, Willard Bonham, Jim Hagler, Jack Hoppes, Marion Baxla, Loren B. Johnson, Loren C. Johnson, William Kearney, Earl Rea, Paul Pope, Thomas Souther, Stephen Sterling, Charles Blizard, Harold Thomas, Charles Shaper, Homer Wilson Jr., Eddie Jones and Titus Strouth.

Kenneth Bush, chief of the Concord - Green Township Fire Department, discussed fire protection possibilities for Wayne Township, which is now without a department of its own. He outlined briefly the policies and setup of the Concord - Green Department and told the Lions that the first move toward establishing a fire department in a rural area is up to the township trustees. From there on, he said, it is up to the people, who must first vote a levy to establish and support it.

Among the major problems to be solved in establishing a rural fire department, he said, is type of equipment, location (Good Hope most logical in Wayne Township), maintenance and the volunteer firefighting force.

The Concord - Green Department headquarters is in Staunton, he said, and pointed out that it serves both Concord and Green Townships, which maintain it, and Perry Township, which recently made a contract for protection.

FIRE PROTECTION is the second community project in which the Good Hope Lions have interested themselves within a year.

The first one, street lighting for Good Hope, was carried to a successful conclusion less than two weeks ago, when the 21 lights were turned on. One of the Lions said afterward that this project succeeded through the co-operation of the Lions Club, the township trustees and the residents of the village.

The Lions Club staged quite a

WILLARD BONHAM

celebration when the lights were turned on. Residents of the village and the community were notified of the time and many came into town for the occasion. The Lions Club served refreshments.

# Cattle Feeders Plan Two Events

Trip to Nebraska In Fall Considered

Officers and members of the Fayette County Commercial Cattle Feeders Assn., meeting Thursday evening in the Extension Service office, made plans for several important events.

General plans call for a round-up dinner of the association members in September. Two things will be stressed at the meeting, namely, the use of pellets and the stocker-feeder cattle situation.

Robert Haigler, president of the Ohio Cattle Feeders Assn., outlined a possible cattle men's tour to the "sandhills" of Nebraska. The tour would take about seven or eight days, he said. The cost of the tour would run about \$150 to \$200 and it would probably be late in September. The round-up would be before this time.

Travel arrangements for the tour are being handled by Don Riehl, agricultural agent of the New York Central Railroad and the first stop would be made at Omaha. Other stops would be at some of the commercial cattle feeding yards west of Omaha. Some of these yards in Texas and Colorado feed as many as 20,000 head of cattle at a time.

Arrangements are being worked out with the local ranchers in the "sandhills" section whereby those on the trip would be guests of some of the ranchers in their homes.

THE OHIO Hereford Day to be held in Fayette County on July 17 and the State Cattle Feeders Assn. Round-up to be held Aug. 2 at Upper Sandusky, were discussed.

Fayette County 4-H club members started 107 calves on feed last fall. County Agent W. W. Montgomery reported. This represents one of the largest 4-H beef calf club programs for the county, he said. For the first time, these calves were weighed in January. The average weight then was 668 pounds.

With this information furnished the members of the association, plans will be developed in the near future for promoting and assisting 4-H club members in the sale of their calves which will be held at 3 p. m. on Friday, July 25, during the Fayette County Fair.

Officers of the association are Jesse Schlichter, president, Richard Craig, vice president, Barton Montgomery, secretary-treasurer.

## Bitten by Dog

Emma Lou Sowders, 10½, was bitten by a dog owned by Kelley Wallace, S. North St., it was reported to police 7:15 p. m. Thursday.

## Courts

### DIVORCE ASKED

Robert William Bay, 207 N. Main St., has asked divorce from Gayle Eleanor Bay, 319 N. Fayette St., charging gross neglect. They were married June 16, 1949 in Covington, Ky., and have one minor child, now living with the mother. Bay asks visitation rights with the child.

### SEEK SUSPENSION

The Ohio Department of Motor Vehicles has asked the Common Pleas Court here to suspend the driving rights of Raymond E. Newman of Route 1, Jeffersonville, who has accumulated 15 "points" under Ohio's recently instituted 12-point suspension law. Newman was convicted of drunken driving here Nov. 27, 1957, and in London on June 3. He also was convicted of reckless operation here May 3. The DWI counts carry six points each, and the reckless operation conviction three.

### JUDGMENT GRANTED

The Municipal Court Friday granted judgment in favor of the Fayette County Memorial Hospital against George Leasure, 722 Delaware St. for \$178.15 with 6 per cent interest dating from August 19, 1956.

### \$22,031 DAMAGES SOUGHT

A suit asking \$22,031.53 damages has been filed in Common Pleas Court against Marvin I. Garrison of Route 3, Greenfield, and DeHass and Garrison, a partnership, of Greenfield by Donald J. Cook of Williamsport for himself and for his wife.

Cook claims his truck was hit in the rear on Sept. 19, 1957 on Route 70 half a mile south of Washington C. H. by a car operated by Garrison and the partnership. Various injuries caused by the mishap cost Cook \$200 for his own medical expenses, \$75 for his wife's medical expenses, and \$1,956.53, in lost wages.

Cook asks a total of \$16,956.53 for himself and \$5,075 for his wife, and charges that the defendants were negligent in failing to stop within an assured clear distance behind him.

## Three Are Treated At Emergency Room

A Little League baseball player and two men were treated in the emergency room at Memorial Hospital Thursday.

Treated after he was hit in the nose with a baseball at Armbrust Field was Dennis Holloway, 8, son of Mr. and Mrs. Dwight Holloway of 325 Delaware St.

Randy Sowers of 1425 Forest St. was treated after he accidentally tore a nail off his left thumb.

Treated for a foreign body in his right eye was Tom Anders of Route 2, Sabina.

# Dance Planned At Park Tonight

First one Last Week Was Balked by Rain

Rain-soaked Fayette Countians will be able to dance some of the water off Friday night — if it doesn't rain again.

Fred Domenico, director of the city's summer recreation program, said that there'll be another attempt to hold the first 50-50 dance of the summer season at 8:30 p. m. Friday on the basketball court at the Community Park on Millikan Ave.

A dance scheduled for last Friday was rained out — and foreboding skies Friday morning indicated the same fate may await the new attempt.

Clarence McDermott will be caller for the square dancing again this year, Domenico said. This week's dance will be sponsored by the High School's Athletic Assn.

Domenico also noted that at least four and possibly five men's softball teams have been formed and will be getting into action at the park soon. Three of the teams representing the National Cash Register Co., the Cofman Stair Co. and the Ohio Bell Telephone Co. are industrial squads and the fourth was formed by an individual Roger Thornton.

Another individual, Roger McKie is attempting to form a squad, Domenico said.

The NCR team and the Ohio Bell squad will play a practice game at 6 p. m. Monday at the park.

## Nashville Schools Set For Racial Integration

NASHVILLE, Tenn. — U.S. Dist. Judge William E. Miller has approved a plan to desegregate Nashville's city school system on a grade-a-year basis. He said the gradual plan would be in the best interest of all concerned.

Miller gave his ruling Thursday and ordered that the second grade will mix the races next fall, the third grade the following fall, and so on through the 12th grade. The first grade was desegregated last fall.

Mrs. Gilbert Crouse and sons, Robert and Gilbert Jr., have returned home from Henderson, Mich., where they visited with Mrs. Crouse's mother, Mrs. Robert Sawyer, and the great-grandfather of Mrs. Crouse's sons, Mr. Leslie Shuster.

Kathryn Melinda is the name chosen by Mr. and Mrs. Thomas Wood, Sabina, for their daughter born in Memorial Hospital Sunday.

Mr. and Mrs. James A. Picklesimer, Williamsport, have chosen the name Mindy Jean for their daughter born in Memorial Hospital Monday.

Harold Craig, who suffered a heart attack in his home, 133 W. Circle Ave., last Wednesday, remains in "fair" condition in Memorial Hospital.

Mr. and Mrs. Larry Higman, Old Chillicothe Rd., have named their daughter Rena Beth. She was born by Caesarean section in University Hospital, Columbus, Thursday and weighed 7-pounds and 12½-ounces. The grandparents are Mr. and Mrs. Leo Rodgers of the Old Chillicothe Rd. and Mr. and Mrs. Charles Higman of Williamsport.

## Two Youths Fined For Petty Larceny

Two petty larceny cases, a speeding count and a case involving bicycle riding were on the Municipal Court docket Friday.

Virgil Boggs, 20, of W. Temple St., and Kenneth Mick, 20, of E. Elm St., pleaded guilty to stealing a total of \$2.85 in change from a Pine Room, Elm and Route 70. Two other youths appeared earlier on similar charges rising out of the same incident.

Boggs was sentenced to 30 days in jail and fined \$25 and costs. Sentencing of Mick was postponed for six months, during which time he must report to Probation Officer Richard J. McMullen.

Lawrence Alexander, 44, of 614 Gregg St., was fined \$10 and costs for permitting persons riding bicycles to attach themselves to a moving motor vehicle.

Darrell Martindale, 20, Prairie Pike, paid \$5 and costs and had his driver's license suspended for 30 days for reckless operation. Robert L. Jordan, 20, of 107 Ohio Ave. was fined \$10 and costs for speeding.

Forfeiting \$20 bonds on speeding charges were Michael O. Cherry,

21, Bristol, R. I.; Delmar G. Penney, 29, W.oughby; and Janice K. Sagar, 45, Greenfield.

Lucille Neil, 39, Springfield, forfeited \$5 bond on a charge of failure to have an operator's license. Charges were filed after an auto accident several days ago.

## Hunt Hit-Skipper

Police are still on the lookout for the auto that hit a parked car owned by Anna Lee Stinson, New Holland Route 2.

Her car was parked on East St. 100 feet east of North St. when hit about 7 p. m. Thursday. Damage was to the left front fender and headlight.

## Russians Demonstrate

MOSCOW (AP) — A crowd of Russians demonstrated in front of the Danish Embassy here today in protest against anti-Soviet outbreaks in Copenhagen over the execution of Imre Nagy and his Hungarian associates. Such demonstrations are rare in disciplined Moscow.
